

St Lawrence CE Primary School Vision and Values

St Lawrence CE Primary School is a school where everyone flourishes.

- We believe it is important that every child recognises the inner worth of every human being starting with their unique selves.
- We are passionate that our children recognise the value of connecting with others through building bridges both locally and globally.
- We encourage the children to engage and fall in love with learning; fostering a sense of pride in themselves and their achievements
- We believe that as a caring loving Christian community all our children can make a positive difference in the world through acts of kindness within our school community, supporting charities and being trailblazers for local intergenerational links.

This vision is underpinned by our Christian values of:

LOVE - COMPASSION - RESPECT

These values inspire all members of our school from our children, our staff, our governors and are lived out in all that we do.

These reflect our shared beliefs and our commitment to create a happy, collaborative and empowering school community remembering the words of Jesus "Let your light shine." (Matthew 5:16)
