MathsHUBS GLOW

Completing the 'square'

$(x + 2)(x + 4) = (x + 3)^2 - 1$

$(x^2 + 6x + 8) = (x + 2)(x + 4)$

#YesUCan

Mathematics is a connected subject and a form of communication. Represent mathematics in different forms – words, picture, graph, equation – and link them.

MATHEMATICS IS ABOUT CONNECTIONS AND COMMUNICATING
