Keeping Safe

Pupils will learn about the best ways to keep safe both off and online. In lessons, pupils will be given the opportunity to role play or discuss what they might do in unsafe situations. They will be given opportunities to consider consequences of different actions and to choose the safest response. Pupils will also think about who they could speak to if they felt that they were not safe.

WE WILL LEARN ABOUT:

Year R: How to stay safe at home and in school. Acceptable and unacceptable physical contact.

Year 1: How to stay safe in every day situations and unfamiliar environments. Road safety and safety around electricity.

Year 2: Safety in relation to medicines and household products.

Year 3: Age ratings and restrictions, sharing information online, acceptable and unacceptable physical contact.

Year 4: Predicting, assessing and managing risks both in and out of the home. Using medicines and household products safely.

Year 5: Staying safe in the local environment, such as near roads, railway lines and water.

Year 6: Benefits and risks of social media, risks of sharing online and of chatting to strangers online.

Year R and Year 3 will be using the NSPCC PANTS rules to learn that their bodies belong to them and that they should tell someone they trust if anything makes them feel upset or worried.

The PANTS rules:

P – Privates are private
A – Always remember your body belongs to you
N – No means no
T – Talk about secrets that upset you
S – Speak up, someone can help.
